

Information for those applying for an ICMDA Bursary

A limited fund is available to provide financial assistance for medical and dental students and graduates to attend the Europe – Eurasia Conference 2008.

The number of applicants who will receive support will depend on the amount given to the ICMDA bursary fund for this purpose. Bursaries will be awarded towards the cost of accommodation and registration. Bursary support towards travel costs will only be considered for those applicants travelling some distance where costs are higher. You are encouraged to seek local support where this is possible and necessary for you to attend the conference.

ICMDA bursaries will only be awarded to medical and dental students and graduates who live in the countries of the ICMDA Eurasia Region (*see below).

Allied health professionals including nurses and midwives who require support to attend the conference are encouraged to contact the Allied Healthcare Professionals stream coordinator, Dr Chris Steyn at chris.steyn@xs4all.nl.

Applicants for an ICMDA bursary should register to attend the conference using the online form AND complete an application for a bursary using the online web-form. Alternatively the bursary application form may be downloaded from the conference website or requested from bursary@archae.at. Completed application forms should be returned to bursary@archae.at who will pass these to the bursary committee.

The closing date for bursary application is March 31st 2008.

The information given on the applicants bursary form will be assessed by a bursary committee. Applicants will be informed whether or not they have been successful in their application for a bursary by the 19th May to maximise time for travel and visa arrangements.

All applicants should be aware that the bursary committee will seek to verify the content of their application and where relevant will liaise with the representatives of their country's CMF or ICMDA Area Student Representative.
